7.3 Institutional Distinctiveness

7.3.1 Portray the performance of the institution in one area distinctive to its priority and thrust within 200 words

SNMV College has played a pivotal role in providing educational opportunities to the rural areas surrounding it. The College has completed 32 years of its existence by promoting excellence in the field of education. This Institution has earned its reputation for being a premier Institution which is well known for academics, sports and other extra- curricular activities. The location of this College is endowed with natural beauty and serenity.

Our Education mission is to support the multiple needs of the primary stakeholders. The quality of education and sense of social responsibility is imparted to the youth. The performance of our students in examination is exceptional in spite of the fact that majority of them have a rural background. The secret of success is due to the remedial teaching which is undertaken to cater to the needs of slow learners. Mentoring has also helped the students to get rid of academic and stress related problems. The students are encouraged to participate and organize academic, co- curricular and extracurricular activities in relevant to latest trend and technologies which are conducted through association of each and every department in the college. Industry experts, alumni's and entrepreneurs from various sectors deliver guest lectures, workshops and seminars etc. Many outreach programmes are organized in each and every department. Societal and community needs are observed by the students by organizing many outreach programmes. Conducting and organizing these programmes provide exposure to the students who are socially, economically and medically disadvantaged. Through NSS and NCC , tree plantation drives were organized which enabled the students to make a contribution to the environment by increasing the green cover and Covid-19 Relief Materials were distributed to the needy people.
