

**INTERNAL QUALITY ASSURANCE CELL(IQAC)  
ACADEMIC YEAR 2018-2019  
BEST PRACTICES**

**7.2 Best Practices**

Describe at least two institutional best practices

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

**Best Practice :1 Merit scholarship, Sports scholarship, ISR**

**Best Practice :2 Zero plastic ,Eco-friendly campus**

**Best Practice :1 Merit scholarship, Sports scholarship, ISR**

**Response:**

**Title of the practice:**

**Offering Merit Scholarship,SportsScholarship and ISR to students.**

**Objectives of the practice:**

- To recognize the commendable performance of +2 students by offering Merit scholarship, Sports scholarship and ISR (Institutional SocialResponsibility) scheme.
- To offer Quality Education to students at affordable cost.
- To extend educational facility to students from rural areas and all walks of life.
- To provide holistic education.
- To mould students to become socially responsible citizens.

**The Context:**

Education brings about the all-round development of an individual .Coimbatore Welfare Association is a charitable trust that promotes value based education to all .Therefore the trust offers Merit scholarship, Sport scholarship and ISR scheme to enable students with good academic records to pursue higher education by paying minimum fees.

**The Practice:**

In order to promote education, the Management offers merit scholarship as per the following criteria :

**Merit Scholarship:**

The Management recognizes the commendable performance of plus-two students by awarding various scholarships.

**Under Graduate (U.G) Courses:**

S.No	Percentage of Marks	Fee Concession	Percentage of marks to be maintained in Semester Exam
1.	75% -79.99%	10%	75%

- For MBA admission, the Student will be entitled for maximum 50% scholarship only.
- 100 % concessions can be availed by International & extraordinary candidate with the approval of the Secretary.

### **Institutional Social Responsibility Scheme(ISR):**

To commemorate the 29 years of existence of the institution, 29 seats are offered by the Management to deserving students under the 'Institutional Social Responsibility Scheme' for children from economically weaker sections with good academic records.

#### **Evidence of success:**

Innumerable students from all walks of life flock into the serene campus of Shri Nehru Maha Vidhyalaya .They are grateful to the Management and the Institution for the merit scholarship offered by them .The admission increases year after the year as a result of this healthy practice . The total strength of the students in year 2017 -2018 was **2920** and that of 2018 – 2019 is **3072**.This is the evidence of success of offering the various types of scholarship.

The students have to maintain the same percentage of marks in the university examinations to retain the scholarship. Hence they put their best efforts in their academic performance ,which results in good academic results of the institution. Bharathiar University Rank Holders are more in the academic year 2018-2019 than in the previous year (2017-2018 :2 ranks and 2018-2019:10 ranks).

#### **Problems encountered and resources:**

An enormous amount is spent on the Merit scholarship every year. To overcome this problem, donations are offered by the magnanimous Management, who believes in philanthropic endeavour.

#### **Note:**

Nowadays more emphasis is laid on Quality education which looks after the intellectual development of the student .The Merit scholarship system of the institution is the key to unlock the all-round and well-balanced personality of the students .It also aims at developing all dimensions of the human intellect with which the youth raise our nation to be more culturally rich and intellectually advanced.

### **Best Practice :2 Zero plastic ,Eco-Friendly campus**

#### **Response:**

#### **Title of the Practice**

**The institution maintains Zero plastic, Eco-friendly Campus**

#### **Objectives of the Practice:**

- To make environment pollution-free.
- To create environmental awareness among the students.
- To encourage and educate the students about environmental protection.
- To mould the students to become socially responsible citizens.

**The Context:**

The maintenance of zero plastic , eco – friendly campus aims to reduce Pollution; The Plastic articles and covers injure the trees and plants by damaging their foliage and impairing the process of photosynthesis (Food making). They also weaken the trees by making them more susceptible to other health problems such as insects and diseases. These problems can be solved by the eradication of plastic articles and covers.

**The Practice:**

In order to promote zero plastic campus, the students clean the entire campus once a month. All the plastic articles and covers are removed and the campus is maintained neat and clean. The NSS, YRC and the Eco club of the college play vital roles in maintaining eco-friendly environment by planting saplings.

**Evidence of Success:**

The NSS, YRC and the Eco club have made it a regular practice of organizing sapling plantation, rain water harvesting and plastic eradication as a part of their extension activities. There are three big ponds created at the backyard of MBA Block which can collect and store rain water from rooftops via pipes during the monsoon season. They help to supplement the underground water resources .The stored water is used to water trees and plants. The beautiful campus accommodates more than 2000 trees which shelter rare flora and fauna. During the monsoon season, the trees can absorb around 50,000 litres of water.

Solar plant facility is provided for geysers in the hostels to reduce electricity usage. Automatic electric incinerators have been installed to destroy the used sanitary pads.

Green house is maintained by the Department of Bioscience.

**Problems encountered and Resources Required:**

Water scarcity during the summer season was the problem encountered during sapling plantation. To overcome this problem, Drip Irrigation was introduced on the campus.

**Notes:**

Nowadays, more emphasis is laid on environment based education, which looks after the cleanliness and hygiene of the surroundings. The zero plastic and eco-friendly system is the key to unlock the all -round and well balanced personality of the students. Thus the dynamic youth will raise our beautiful country to a more advanced and culturally rich 'Swachh Bharath'.
