Welcome to SNMV Institute of Management

SNMV Institute of management was started by the Coimbatore Welfare Association in 1984 during the silver jubilee year of CWA. It is located on a serene campus of 50 acres at Makamechurpatti, near the famous Eshwaran temple on Coimbatore-Pellachi National Highway.

SNMV Institute of Management - the Management Studies wing of SNMV family of Educational Institutions, is today ranked as one of the best Management Institutes under Bharathiar University. SNMV Institute of Management, a not-for-profit education institution, offers a full-time MBA Programme. The Institute is approved by AICTE, New Delhi and is affiliated to Bharathiar University, Coimbatore. The Institute upholds the great Indian heritage and culture and aims to impart value-based education.

The goal of all teaching and learning process is to produce graduates who are skilled and knowledgeable and who know how to learn, what to learn, and perhaps most importantly, why to learn. Understanding the decisions about what is worth learning and doing are not possible outside the context of cultural values. The Institution fosters, through its commitment to the education its values as well as its people's knowledge.

The department of Bioscience & Research offers two under-graduate courses and one post graduate course in Biotechnology. The department of Microbiology came in to existence in the year 1991 and Biotechnology in the year 2008, to promote higher education in the field of Bioscience.

A PG course was introduced in Biotechnology in the year 2002, M.Phil in the year 2004 & Ph.D in Biotechnology (T.T.T) in the year 2007. The untiring efforts of 14 faculty members have progressed and have achieved significant growth.

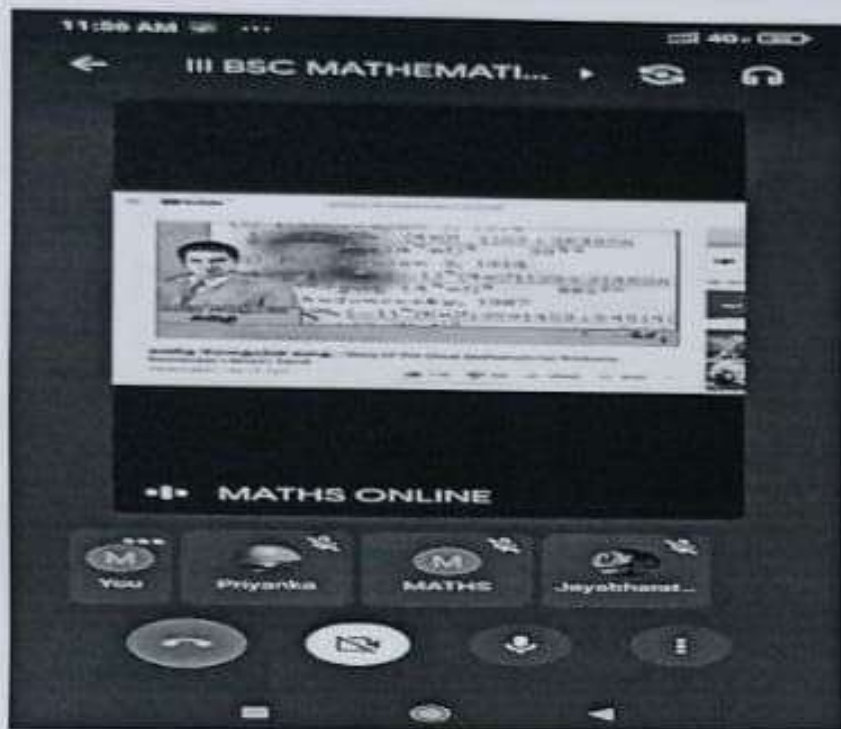

The Bio science laboratories are well equipped with excellent infrastructure facilities. The department offers three UGC sponsored career oriented courses. We are the first to introduce certificate courses in microorganisms under the colleges affiliated to Bharathiar university, Coimbatore.

The ongoing research programmes include:

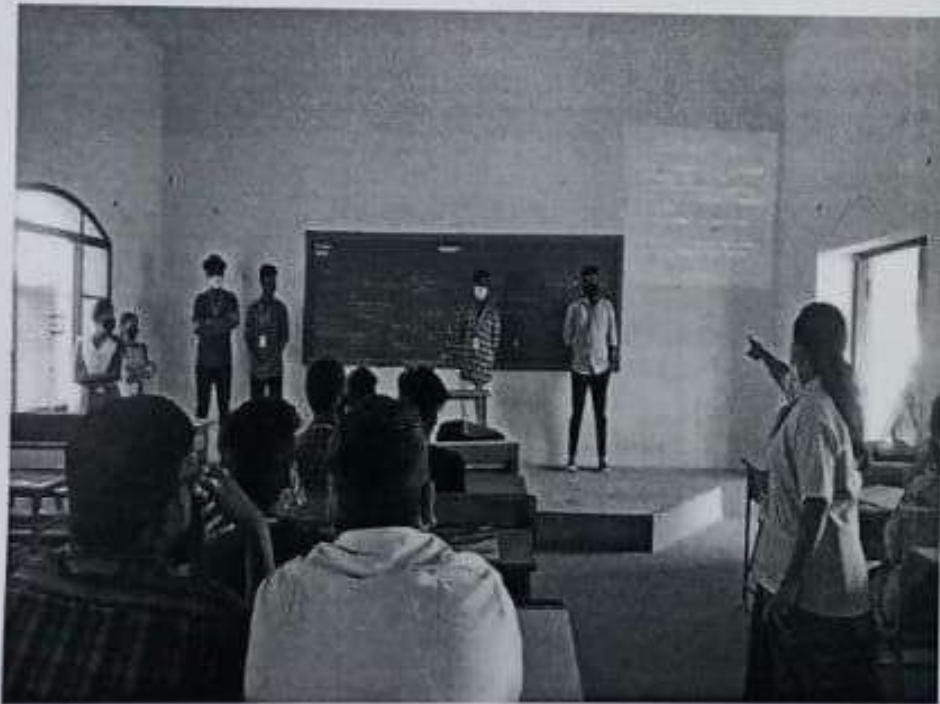

1. Microbial degradation,
2. Eucytology,
3. Molecular pathogenesis,
4. Bioremediation &
5. Biotechnology.

We have been conducting national level symposiums "SYMPOSIUM" from 2004 up till date we have conducted seven symposiums.
